

Reference List:

Below you find a table containing an overview of a number of venues that are using ACS.

5 types of systems (units) are mentioned, being:

- D-series: The latest ACS system type, applicable for almost any situation
- Standard: The former ACS standard system, for larger halls (typically 500+ seats)
- Compact: The ACS Compact system, for smaller halls and churches
- AC-series: The predecessor of the standard system
- C-AC-series: The predecessor of the Compact system

Many of our systems below are equipped with the option to use microphones, amplifiers and loudspeakers for other purposes.

Please let us know when you would like to have more (contact) information about our systems and its users.
